

## P.R.O.B.L.E.M.S.

P.R.O.B.L.E.M.S. from Portland, Oregon is a 5 piece Rock'n'Roll/Punkasfuck/Hardcore Monster which consists of several punkrock veterans out of Portland. Members have managed to do some mischief in bands like Pierced Arrows, Defiance, Detestation, or current bands like Don't and Hellshock. That should give you a general idea of what this band is all about. Powerful Punk'n'Roll with sleazy guitars, a tight rhythm section and a frantic singer with just the right amount of snottines.

After several tours in the US, Europe and Mexico and a handful of vinyl and cd releases, they made a name for themselves as a prominent presence not only in Portland's thriving Punk/Garage Rock/Underground music scene.

After nearly 80 European shows in 2015 and 2016 they will come back to Europe in fall 2017 with a new singer, their new single "Enemy Spy" and a brand new LP!

## REVIEWS

"So the members of this group have been in PIERCED ARROWS, POISON IDEA, RESIST, DEFIANCE, DETESTATION, SEVERED HEAD OF STATE, and about every band to ever come from Portland, but you shouldn't pick up this rad little two-song picture disc because of what these folks have done in the past. P.R.O.B.L.E.M.S. stands on its own merits. The band plays well-crafted hardcore punk with a fast and dirty rock'n'roll swagger." - [Maximum Rock'n'Roll](#)

„Hardcore punk with the intensity of a shaken-up wasp's nest." - [Ox fanzine, Germany](#)

"Punk oozes out of this single in that fast dirty rock'n'roll sound that bands like the HELLACOPTERS perfected... NEW BOMB TURKS meets TURBONEGRO." - [Equalizing Distort](#)

"...this is a powerful blast of Rock'n'Roll fury that few bands actually achieve... if you just simply love the jet-fuel-infused sounds of THE NEW BOMB TURKS, THE HELLACOPTERS, or Ass-Cobra-era TURBONEGRO, not to mention the aforementioned CANDY SNATCHERS, JACK SAINTS and MOTORHEAD, you're gonna need this 7" right now" - [The Big Takeover Magazine](#)

"If the standard for overdrive is: MANOWAR plays on 10, MOTORHEAD kills yer lawn when they move in next door, and SPINAL TAP plays on 11, then this record was recorded at 30 or 40." - [Sonic Recollections Records](#)
