

# TRUE MOON

*True Moon* from Malmö deliver an enchanting blend of dark wave, post-punk, and alternative that transcends musical trends. Karolina Engdahl (vocals/bass) and Tommy Tift (guitar), members of the renowned Grammy-nominated band *Vånna Inget*, have created a captivating darkness. Their self-titled debut garnered significant attention within the Scandinavian music community and beyond.

With influences including *Joy Division*, *Siouxsie and the Banshees*, *Sisters of Mercy*, *The Mission*, early *The Cure*, *Stevie Nicks*, and *Heart*, they channeled a sound full of bittersweet twilight.

*True Moon* expanded their audience through performances in Sweden, the UK, and the United States, sharing the stage with bands like *Killing Joke*, *King Dude*, *MCC*, *Dead Soul*, *Nicole Sabouné* and many more.
